PROFESSIONAL SUMMARY

Senior Full Stack Software Engineer with 8+ years of experience building scalable web applications, internal platforms, and reusable frontend systems. Specialized in React, Next.js, TypeScript, and modern JavaScript, with full-stack experience in Node.js, APIs, microservices, and cloud environments. Strong background in frontend architecture, design systems, component libraries, developer tooling, and performance optimization.

EXPERIENCE

Senior Software Engineer, Dialpad **Oct 2024 to Jan 2026**
Buenos Aires
- Developed frontend libraries one Vue.js with common functionality for the entire frontend team to use.
- Increased productivity by developing Micro-Frontend architecture to modularize monolithic application.

Senior Software Engineer, Pauca **Oct 2022 to May 2024**
- Developed new applications from scratch on Next.js, ReactJS and RemixJS.
- Improved user experience of all company applications by integrating core component libraries using Radix UI and Material UI.
- Developed performing Python APIs with FastAPI and workers on fly.io.
- Deployed applications built on Docker using fly.io.

Senior Software Engineer, Kavak **Aug 2021 to Sept 2022**
Buenos Aires
- Development of core front end features and structural refactors (i18n, ways of consuming core data).
- Development of new internal apps to improve front-end developer experience.
- Conducted researches to change company technologies.

Full-Stack Engineer, Mural **Aug 2019 to Aug 2021**
Buenos Aires
- Integrations with external services/APIs.
- Searched and implemented high impact render performance improvements.
- Integration of a working state manager with a canvas render engine.

Software Engineer, Elementum **Sept 2018 to Jul 2019**
Buenos Aires
- Product development in ReactJS and AngularJS.
- Developed a flexible platform for all the new frontends to be based on.
- Worked on a Micro-frontends architecture to enhance developer experience.

Front-end web developer, Mercadolibre.com **Nov 2017 to Aug 2018**
Buenos Aires
- Maintained core frontend libraries, including the main component library of the company.
- Developed an internal doc site to document and improve cross-team communication of core frontend libraries.
- Developed performant frontend features.
